Position Summary

We are currently seeking a full-time, (eventually) on-site Senior Designer to join our design team in the execution of creative solutions across a wide variety of brand concepts.

The ideal candidate will be strategic, conceptual, and collaborative - capable of developing unique ideas and implementing them across all channels, independently and as part of a team. An expansive design vocabulary, attention to detail, and affinity for research are required to carry projects from start to finish across brand strategy, identity design, and all forms of layout. A strong ability to quickly transition from exploration to detailed execution within many areas of art & design are necessary to develop a range of creative solutions for a diverse set of opportunities. A demonstrated organizational ability - across workflow, project, and content management - is expected to keep pace with a variety of active accounts within a nimble, growing organization.

Position Requirements

Experience:

- 3-5 years of directly relevant work experience required, as part of agency, in-house team, or freelance
- A portfolio of relevant work that demonstrates a strong and varied design approach, team leadership, and specific examples of fully realized projects

Technical:

- Expertise in Adobe illustrator, Photoshop, and InDesign
- Strong illustration and layout capabilities

Organizational:

- Strong attention to detail and structure in process and information
- Strong facilitation skills for project & content progression
- Strong interpersonal & communication skills to develop & articulate design rationale

Creative:

- Strong ability to gather & translate business requirements and brand characteristics into effective and elegant designs
- Strong analytical, conceptual, and iterative development skills

Macro:

- Actively aware of or involved with emerging trends in technologies, industries, and design
- Exhibit a broad understanding of multiple disciplines - visual design, photography, strategy, and systems thinking
- A love of all things design, and the enthusiasm for the creative spirit of the company

Additional Desired Credentials

- Bachelor degree or higher in Graphic Design, Visual Communication, or similar
- Project management skills as they relate to contractual scopes of work
- Exhibited familiarity with brand strategy techniques and process, from interviews, workshops, persona-building, position mapping, and target audience identification
- Video editing / motion graphics abilities
- UI/UX or web design experience/knowledge
